CASEY MCGREGOR ON  
WAY CONQUER WORLD

Casey McGregor, son of W. L. "Doc" McGregor, left this morning on his second attempt to make a tour of the world. Casey did not intend letting his parents know that he was on his way to conquer the problems of life, and when he was missed, his father and mother and sister, Dorothy, started an investigation. Casey was located in the smoking car of the northbound passenger train, although he had told his mother last night he might make a trip to Manhattan today.

Although the mother pleaded with the son to remain at home, not so with "Doc." He told Casey he only came down to the train to let him know that he was advised of his home leaving, and to bid him goodbye. Casey was much moved, but he stood up well under the ordeal, informing his mother that it was best he should leave as his father did not want him around any longer. Casey admitted that he was long in cash, after purchasing his ticket, to the extent of \$4, but he feels that he will quickly find employment in the capita lot of the state which he expects to reach tonight.

It is stated that Casey left home because he is in love with a young woman who recently went to California, and if that is the case he will no doubt be absent quite a period. The last remark Casey made to his sister was that he would like to have a telegram in the event his father died, and that he would return home on the first train.

The brightest spot in Tonopah Saturday night will be at Eagles hall, and fun galore is promised at the weekly dance. "Dutch" Heimick will play with the ivories, assisted by the other members of the six-piece orchestra for which the Eagles have become famous. A21-21

## SCHOOL NOTES

The seventh grade has been having review examinations this week, which they will continue next week. The eighth grade, who have been studying the metric system, is preparing for the science department next year.

The sixth grade have just finished answering a letter received from a pupil in Concord, North Carolina. The letter inquired about the industries and schools of this state and gave those of that state. The pupils have all written a reply from which the best will be selected and sent.

The play chosen by the Senior class to be presented this year, is "Nothing But the Truth," a comedy by James Montgomery. "Nothing But the Truth" is built upon the simple idea of its hero speaking nothing but the absolute truth for a stated period. He bets a friend \$10,000 that he can do it, and boldly tackles truth to win the money. It is a novel idea and so well has it been worked out that an audience is kept in throes of laughter at the seemingly impossible task to untangle anarls into which our hero has involved all those he comes in contact with.

WIDOW HANDED  
\$1500 CHECK  
IN INSURANCE

West End Consolidated Mining Company Hands Mrs. J. A. French Assistance.

Mrs. J. A. French, who arrived from Canon City, Colo., this morning, where she accompanied the body of her late husband, was the recipient a short time thereafter with a check for \$1500, which was handed her by Otto Falk, chief clerk for the West End Consolidated Mining company. This money was in payment for life insurance carried by the company in behalf of Mr. French, who died a few weeks ago while recuperating his health in the Pahrangat valley.

The fund is known as the "employers group life insurance," and is carried through the Aetna Life Insurance company for every employee of the big mines of this district. The older in the service an employee happens to be, the larger the fund, until a maximum of \$1500 is reached. This insurance comes without cost to the workman, and is indicative of the interest that the West End Consolidated and other companies take in their employees. Mr. French has been in the employ of the West End company as a hoist engineer for a great many years, and the \$1500 which was given the widow this morning, will no doubt be of great benefit to her in confronting the problems of life that she will meet in rearing her two young sons.

Defendant Acquitted by  
Jury With Standing Vote

Without leaving the jury box, but with a standing vote, a jury in Justice Cuddy's court yesterday afternoon returned a verdict of not guilty in the case of M. Lippi, charged with assault upon the person of a man named Riverbank. The jury was convinced from the evidence that it was not Lippi who had made the assault, but that on the other hand he had been assaulted and that he simply defended himself to the best of his ability, which proved to be quite effective.

## AMUSEMENTS

VIOLA DANA, LARRY SEMON  
LUCILLE CARLISLE TODAY

Viola Dana, in her latest picture, "The Fourteenth Lover," will be one of the attractions at the Butler today. The story concerns a wealthy young society girl who is asked by her father to choose one from her thirteen suitors and to settle down from her whirlwind debutante career. As she considers settling, she casts her eye upon the young college bred gardener of her father's estate. The young man refuses to become her fourteenth lover. The girl, Vi Marchmont, is put upon her mettle. She is going to "make him" love her. This determination leads her into a merry and exciting adventure, the role fitting her like a glove.

The other attraction on today's bill is Larry Semon, with his former beautiful leading lady, Lucille Carlisle, in his latest comedy, "The Show," which is said to be the most expensive comedy ever made. Mr. Semon engaged the entire chorus of a New York musical comedy which was touring the Pacific coast cities for some of the scenes. A big theater was constructed and several trains engaged for the big chase scenes.

Tomorrow, Wanda Hawley, in "Too Much Wife," and Ruth Roland, in "White Eagle."

Monday, Rudolph Valentino.

Owing to the prevalence of rabies among dogs the above ordinance will be rigidly enforced on and after this date. Owners who have no muzzles for their dogs must provide same within three days from date, and keep dog confined until muzzle is provided.
